## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and  
Members of the Borough Council  
Borough of Woodcliff Lake  
Woodcliff Lake, New Jersey

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Borough of Woodcliff Lake, as of December 31, 2022 and 2021, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2022, and the related notes to the financial statements.

#### ***Qualified Opinion on Regulatory Basis of Accounting***

In our opinion, except for the possible effects of the matters discussed in the Basis for Qualified Opinion on Regulatory Basis of Accounting section of our report, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account group of the Borough of Woodcliff Lake as of December 31, 2022 and 2021, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the respective revenues – regulatory basis and expenditures – regulatory basis of the various funds for the year ended December 31, 2022 in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Woodcliff Lake as of December 31, 2022 and 2021, or changes in financial position for the years then ended.

#### ***Basis for Opinions***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough of Woodcliff Lake and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Basis for Qualified Opinion on Regulatory Basis of Accounting***

### ***Basis for Qualified Opinion on Regulatory Basis of Accounting***

As discussed in Note 17 of the financial statements, the financial statements – regulatory basis of the Length of Service Awards Program (LOSAP) Trust Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Borough’s financial statements as of and for the years ended December 31, 2022 and 2021. The LOSAP Trust Fund financial activities are included in the Borough’s Trust Funds, and represent 41 percent and 53 percent of the assets and liabilities of the Borough’s Trust Funds as of December 31, 2022 and 2021, respectively.

### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of Woodcliff Lake on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Woodcliff Lake’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor’s Responsibilities for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Woodcliff Lake’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Woodcliff Lake's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Borough of Woodcliff Lake as a whole. The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Woodcliff Lake. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole on the basis of accounting described in Note 1.

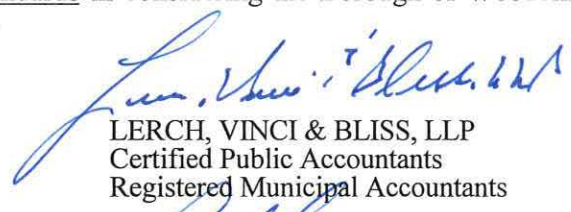

***Other Information***

Management is responsible for the other information included in the report of audit. The other information comprises the supplementary data and letter of comments and recommendation section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated July 25, 2023 on our consideration of the Borough of Woodcliff Lake's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Woodcliff Lake's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Woodcliff Lake's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The Borough of Woodcliff Lake (the "Borough") was incorporated in 1896 and operates under an elected Mayor and Council form of government. The Mayor is elected to a four-year term and the six council members are elected at-large, two each year for terms of three years. The Mayor is the Chief Executive Officer of the Borough and as such presides over all public meetings and makes appointments to various boards. The Borough Council exercises all legislative powers including final adoption of the municipal budget and bond ordinances and confirmation of the Mayor's appointments, and all executive authority which is not specifically provided to the Mayor, by state law. A Borough Administrator is appointed by the Borough Council and is responsible for the implementation of the policies of the Mayor and Council, for the administration of all Borough affairs and for the day to day operations of the Borough. The Borough Administrator is the Chief Administrative Officer for the Borough. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the Borough is financially accountable. The Borough is financially accountable for an organization if the Borough appoints a voting majority of the organization's governing board and (1) the Borough is able to significantly influence the programs or services performed or provided by the organization; or (2) the Borough is legally entitled to or can otherwise access the organization's resources; the Borough is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Borough is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Borough in that the Borough approves the budget, the issuance of debt or the levying of taxes. The Borough is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the volunteer fire department and volunteer ambulance squad, which are considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

**B. Description of Regulatory Basis of Accounting**

The financial statements of the Borough of Woodcliff Lake have been prepared on a basis of accounting in conformity with accounting principles and practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through separate funds, which differ from the fund structure required by GAAP.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America. (GAAP). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

**C. Basis of Presentation – Financial Statements**

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. The Borough also uses an account group, which is designed to provide accountability for certain assets that are not recorded in those Funds.

The Borough has the following funds and account group:

Current Fund – This fund is used to account for the revenues and expenditures for governmental operations of a general nature and the assets and liabilities related to such activities, including Federal and State grants not accounted for in another fund.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individuals, private organizations, or other governments are recorded in the Trust Funds.

Animal Control Trust Fund - This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

Other Trust Fund - This fund is established to account for the assets and resources, which are held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits, payroll related deposits and funds deposited with the Borough as collateral.

Unemployment Insurance Trust Fund - This fund is used to account for employee and employer contributions for the purpose of providing unemployment benefits to former eligible employees.

Municipal Open Space Preservation Trust Fund - This fund is used to account for open space tax levied against properties for the purpose of preserving open space in the Borough.

Community Development Block Grant Trust Fund - This fund is used to account for grant proceeds, program income and related expenditures for Federal Block grant entitlements.

Length of Service Award Program Fund (LOSAP) – This fund is established to account for the tax-deferred income benefits to active volunteer members of emergency service organizations of the Borough.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds used and related financial transactions related to the acquisition or improvement of general capital facilities and other capital assets, other than those acquired in the Current Fund.

Public Assistance Fund - This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

General Fixed Assets Account Group - This account group is used to account for all general fixed assets of the Borough. The Borough's infrastructure is not reported in the account group.

**C. Basis of Presentation – Financial Statements (Continued)**

**Comparative Data** - Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

**Reclassifications** - Certain reclassifications may have been made to the December 31, 2021 balances to conform to the December 31, 2022 presentation.

**Financial Statements – Regulatory Basis**

The GASB Codification also requires the financial statements of a governmental unit to be presented in the basic financial statements in accordance with GAAP. The Borough presents the regulatory basis financial statements listed in the table of contents which are required by the Division and which differ from the basic financial statements required by GAAP. In addition, the Division requires the regulatory basis financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from reporting requirements under GAAP.

**D. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The Borough of Woodcliff Lake follows a modified accrual basis of accounting. Under this method of accounting, revenues, except State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed or permitted for municipalities by the Division (“regulatory basis of accounting”) differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

**Cash and Investments** - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. Investments are reported at cost and are limited by N.J.S.A. 40A:5-15.1 et seq. with the exception of LOSAP Trust Fund investments which are reported at fair value and are limited by N.J.A.C. 5:30-14.19. GAAP requires that all investments be reported at fair value.

**BOROUGH OF WOODCLIFF LAKE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Property Tax Revenues/Receivables** - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. A penalty of up to 6% of the delinquency may be imposed on a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the fiscal year in which the charges become delinquent. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of December 31, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a standard tax sale. The Borough also has the option when unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on the 11<sup>th</sup> day of the eleventh month in the fiscal year when the taxes or lien became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing property on an accelerated tax sale, provided that the sale is conducted and completed no earlier than in the last month of the fiscal year. The Borough may institute annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the tax receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both levied and available), reduced by an allowance for doubtful accounts.

**Miscellaneous Revenues/Receivables** - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both measurable and available).

**Grant and Similar Award Revenues/Receivables** - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized as soon as all eligibility requirements imposed by the grantor or provider have been met.

**Interfunds** - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve for interfunds and, therefore, does not recognize income in the year liquidated.

**Deferred Charges** - Certain expenditures, operating deficits and other items are required to be deferred to budgets of succeeding years. GAAP requires expenditures, operating deficits and certain other items generally to be recognized when incurred, if measurable. Funded and unfunded debt authorizations for general capital projects are also recorded as deferred charges and represent permanent long-term debt issues outstanding (funded) and temporary debt issues outstanding or unissued debt authorizations (unfunded), respectively. GAAP does not permit the recording of deferred charges for funded and unfunded debt authorizations.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Appropriation Reserves** – Appropriation reserves are recorded as liabilities and are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Expenditures** – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgements, which are recognized when due.

**Encumbrances** - Contractual orders outstanding at December 31, are reported as expenditures and liabilities through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures or liabilities under GAAP.

**Compensated Absences** - Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations are recorded as a long-term obligation in the government-wide financial statements.

**Tax Appeals and Other Contingent Losses** - Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. GAAP requires such amounts to be recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

**Reserve for Uncollected Taxes** – Reserve for Uncollected Taxes is a non-spending budget appropriation account required to provide assurance that cash collected for property taxes levied in the current year will provide sufficient cash flow to meet expected budgetary obligations. The minimum amount required to be budgeted in Reserve for Uncollected Taxes is determined utilizing the actual percentage of property taxes collected in the immediate preceding budget year, unless allowable alternative methods are utilized with the approval of the Division. A Reserve for Uncollected Taxes is not established or required under GAAP.

**Pensions** – The Borough appropriates in its annual budget the amount required to be paid for pension contributions as determined by the State administered pension systems. Under the regulatory basis of accounting the Borough is only required to disclose in the Notes to the Financial Statements its share of the actuarially determined net pension liabilities, deferred outflow of resources, deferred inflow of resources and pension expense (benefit) related to the State administered pension system. GAAP requires these actuarially determined amounts to be reported in the government-wide financial statements.

**Other Post-Employment Benefits (OPEB)** – The Borough funds its employer paid post-retirement medical benefits on a pay-as-you-go basis. Under the regulatory basis of accounting the Borough is only required to disclose in the Notes to the Financial Statements its actuarially determined net OPEB liability, deferred outflow of resources, deferred inflow of resources and OPEB expense (benefit). GAAP requires these actuarially determined amounts to be reported in the government-wide financial statements.

**D. Measurement Focus and Basis of Accounting (Continued)**

**General Fixed Assets** - In accordance with NJAC 5:30-5.6, Accounting for Governmental Fixed Assets, the Borough of Woodcliff Lake has developed a fixed assets accounting and reporting system. Fixed assets are defined by the Borough as assets with an initial, individual cost of \$3,000 and an estimated useful life in excess of two years.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and sewerage and drainage systems are not capitalized.

General Fixed Assets purchased after December 31, 1986 are stated at cost. Donated fixed assets are recorded at acquisition value at the date of donation.

General Fixed Assets purchased prior to December 31, 1986 are stated as follows:

Land and Buildings	Assessed Value
Machinery and Equipment	Replacement Cost

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the General Capital Fund until such time as the construction is completed and put into operation for general fixed assets.

GAAP requires that capital assets be recorded in the government-wide financial statement at historical or estimated historical cost if actual historical cost is not available. In addition, GAAP requires depreciation on capital assets to be recorded in the government-wide financial statements.

**Use of Estimates** - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Budgets and Budgetary Accounting** - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services as per N.J.S.A. 40A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

Trust Funds (Except Municipal Open Space Preservation Trust Fund)  
 General Capital Fund  
 Public Assistance Fund

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)**

**A. Budgets and Budgetary Accounting (Continued)**

The Borough must prepare its budget in compliance with applicable laws limiting or capping the amounts by which both the budget appropriations and the municipal tax levy can increase in the annual budget.

1977 Appropriation "CAP": The 1977 Appropriation Cap is calculated using the formulas and provisions of N.J.S.A. 40A:4-45.1 through 4-45.43a. The law was originally adopted in 1976 and was most recently amended in 2003. Under this law, the Borough is permitted to increase its overall appropriations (with certain exceptions) by 2.5% or the "cost of living adjustment" (COLA), whichever is less. The COLA is calculated based on the Implicit Price Deflator for Local Governments computed by the U.S. Department of Commerce. The Borough can, when the COLA is less than or equal to 2.5%, increase its allowable inside-the-cap appropriations to 3.5%, upon adoption of a COLA Rate Ordinance by the governing body and beyond 3.5% upon voter passage of a referendum.

2010 Levy "CAP": The 2010 Levy Cap is calculated using the formulas and provisions of N.J.S.A. 40A:4-45.44 through 45.47. It established limits on the increase in the total amount to be raised by taxation for municipal purposes (municipal tax levy). The core of the levy cap formula is a 2% increase to the previous year's amount to be raised by taxation for municipal purposes, exclusive of certain appropriations and allowable adjustments and extraordinary costs related to a declared emergency. Voter approval may be requested to increase the municipal tax levy by more than the allowable adjusted tax levy.

The governing body is required to introduce and approve the annual budget no later than February 10, of the fiscal year. The budget is required to be adopted no later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. The governing body of the municipality may authorize emergency appropriations and the inclusion of certain special items of revenue to the budget after its adoption and determination of the tax rate. During the last two months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the governing body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2022 and 2021 the Borough Council increased the original budget by \$132,348 and \$221,261. The increases were funded by additional aid allotted to the Borough in 2022 and 2021 and an approved Emergency Authorization in 2021. In addition, the governing body approved several budget transfers during 2022 and 2021.

**NOTE 3 CASH DEPOSITS AND INVESTMENTS**

The Borough considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as cash and cash equivalents.

**A. Cash Deposits**

The Borough's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Borough is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for deposits in excess of the FDIC or NCUSIF insured amounts. GUDPA does not protect intermingled trust funds, bail funds, withholdings from an employee's salary or funds which may pass to the local government upon the happening of a future condition.

**B. Investments (Continued)**

Interest Rate Risk – Interest rate risk is the risk that changes in the market interest rate will adversely affect the fair value of an investment. The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law limits investments as noted above (N.J.S.A. 40A:5-15.1 and NJAC 5:30-14.19). The Borough does not have an investment policy that would further limit its investment choices. As of December 31, 2022 and 2021, the Borough’s investment in Lincoln Financial Group was rated Baa1 by Moody’s Investor Services.

Concentration of Credit Risk – The concentration of credit risk is the risk of loss that may be caused by the Borough’s investment in a single issuer. The Borough places no limit in the amount the Borough may invest in any one issuer. More than five (5) percent of the Borough’s investments are in Lincoln Financial Group. These investments are 100% of the Borough’s total investments.

Fair Value of Investments. The Borough of Woodcliff Lake measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles (GAAP). These guidelines recognize a three-tiered fair value hierarchy as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than those in Level 1; and
- *Level 3:* Unobservable inputs.

Investments are valued based on price data obtained from observed transactions and market price quotations provided by Lincoln Financial Group. Since the value is not obtained from a quoted price in an active market the investments held by the Borough at December 31, 2022 and 2021 are categorized as Level 2.

Interest earned in the General Capital Fund, Animal Control Fund and certain Other Trust Funds are assigned to the Current Fund in accordance with the regulatory basis of accounting.

**NOTE 4 TAXES RECEIVABLE**

Receivables at December 31, 2022 and 2021 consisted of the following:

	<u>2022</u>	<u>2021</u>
<u>Current</u>		
Property Taxes	\$ 223,427	\$ 145,245

In 2022 and 2021, the Borough collected \$145,245 and \$234,037 from delinquent taxes, which represented 100% and 100%, respectively of the prior year delinquent taxes receivable balance.

**NOTE 11 OTHER LONG-TERM LIABILITIES**

**A. Compensated Absences**

Under the existing policies and labor agreements of the Borough, employees are allowed to accumulate (with certain restrictions) unused sick leave and compensation time in lieu of overtime over the life of their working careers and to redeem such unused leave time in cash (with certain limitations) upon death, retirement or by extended absence immediately preceding retirement.

It is estimated that the current cost of such unpaid compensation and salary related payments would approximate \$668,353 and \$601,245 at December 31, 2022 and 2021, respectively. These amounts which is are considered material to the financial statements, are not reported either as an expenditure or liability.

As of December 31, 2022 and 2021, the Borough has reserved in the Current Fund and Trust Fund \$363,377 and \$363,377, respectively to fund compensated absences in accordance with NJSA 40A:4-39.

**Changes in Other Long-Term Liabilities**

Under the regulatory basis of accounting, certain other long-term liabilities which may be considered material to the financial statements are not reported either as an expenditure or a liability. However, under the regulatory basis of accounting, these other long-term liabilities and related information are required to be disclosed in the notes to the financial statements in conformity with the disclosure requirements of the Governmental Accounting Standards Board.

YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS**

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees which includes those Borough employees who are eligible for pension coverage.

**Police and Firemen’s Retirement System (PFRS)** – established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after December 31, 1944. Membership is mandatory for such employees. PFRS is a cost-sharing multi-employer defined benefit pension plan with a special funding situation. For additional information about PFRS, please refer to the State Division of Pension and Benefits (Division’s) Annual Comprehensive Financial Report (ACFR) which can be found at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to 2% of final compensation for each year of service.

**Public Employees’ Retirement System (PERS)** – established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage to substantially all full-time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost-sharing multi-employer defined benefit pension plan. For additional information about PERS, please refer to the State Division of Pension and Benefits (Division’s) Annual Comprehensive Financial Report (ACFR) which can be found at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Public Employees' Retirement System (PERS) (Continued)**

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have a least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Borough employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PERS and new employees who would otherwise be eligible to participate in PERS on or after November 2, 2008 and do not earn the minimum salary required for tier 3 enrollment or do not work the minimum required hours for tier 4 and tier 5 enrollment but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

**Other Pension Funds**

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The cost of living increase for PERS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Measurement Focus and Basis of Accounting**

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at [www.state.nj/treasury/doinvest](http://www.state.nj/treasury/doinvest).

**Collective Net Pension Liability**

The collective net pension liability of the participating employers for local PERS at June 30, 2022 was not available and for June 30, 2021 is \$12.0 billion, and the plan fiduciary net position as a percentage of the total pension liability is 70.33% at June 30, 2021. The collective net pension liability of the participating employers for local PFRS at June 30, 2022 was not available and for June 30, 2021 is \$9.4 billion and the plan fiduciary net position as a percentage of total pension liability is 77.26% at June 30, 2021.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2020 which were rolled forward to June 30, 2021.

**Actuarial Methods and Assumptions**

In the July 1, 2020 PERS and PFRS actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions for 2022 and 2021 based on 10.0% for PFRS, 7.50% for PERS and 5.50% for DCRP of employee's annual compensation.

For PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All contributions made by the Borough for 2022, 2021 and 2020 were equal to the required contributions.

**Employer and Employee Pension Contributions (Continued)**

During the years ended December 31, 2022, 2021 and 2020, the Borough, was required to contribute for normal cost pension contributions, accrued liability pension contributions and non-contributory life insurance premiums the following amounts which equaled the required contributions for each respective year:

<u>Year Ended</u> <u>December 31</u>	<u>PFRS</u>	<u>PERS</u>	<u>DCRP</u>
2022	\$ 773,438	\$ 212,569	\$ 5,043
2021	682,664	209,865	-
2020	608,542	189,758	2,089

In addition for the years ended December 31, 2022, 2021 and 2020 the Borough contributed for long-term disability insurance premiums (LTDI) \$0, \$0 and \$623, respectively for PERS and zero for all three years for PFRS.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The regulatory basis of accounting requires participating employers in PERS and PFRS to disclose in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions, (GASB No.68)* their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions.

Under GASB Statement No. 68 local governmental employers are required to provide certain financial information based on a measurement date no earlier than the end of the employer’s prior fiscal year. The GASB No. 68 financial information from the State’s Division of Pensions and Benefits to be reported for the year ended December 31, 2022 for the measurement date of June 30, 2022 was not available as of the date of audit. Accordingly, the State’s Division of Local Government Services issued Local Finance Notice 2023-10 which authorized and permits New Jersey municipalities to present the most recent available audited GASB No. 68 financial information to be incorporated into the audit and remain in compliance with the regulatory basis of accounting disclosure requirements for notes to the financial statements. As such the GASB No. 68 financial information for the year ended December 31, 2022 is not presented in the notes to the financial statements.

The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2021 and 2020. Employer allocation percentages have been rounded for presentation purposes.

**Public Employees Retirement System (PERS)**

At December 31, 2021, the Borough reported a liability of \$2,150,255, for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Borough’s proportionate share of the net pension liability was based on the ratio of the Borough’s contributions to the pension plan relative to the total contributions of all participating governmental entities during the measurement period. As of the measurement date of June 30, 2021, the Borough’s proportionate share was 0.01815 percent, which was a decrease of 0.00103 percent from its proportionate share measured as of June 30, 2020 of 0.01918 percent.

*Actuarial Assumptions*

The Borough's total pension liability reported for the year ended December 31, 2021 was based on the June 30, 2021 measurement date as determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00-6.00% Based on Years of Service
Thereafter	3.00%-7.00% Based on Years of Service
Investment Rate of Return	7.00%

*Mortality Rates*

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

***Long-Term Expected Rate of Return***

In accordance with State statute, the long-term expected rate of return on plan investments (7% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and actuaries. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2021, as reported for the year ended December 31, 2021, are summarized in the following table:

<u>Asset Class</u>	<u>2021</u>	
	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	3.00%	3.35%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Investment Grade Credit	8.00%	1.68%
US Equity	27.00%	8.09%
Non-US Developed Markets Equity	13.50%	8.71%
Emerging Markets Equity	5.50%	10.96%
High Yield	2.00%	3.75%
Real Assets	3.00%	7.40%
Private Credit	8.00%	7.60%
Real Estate	8.00%	9.15%
Private Equity	13.00%	11.30%

***Discount Rate***

The discount rate used to measure the total pension liability for PERS was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

**Police and Firemen’s Retirement System (PFRS)**

At December 31, 2021, the Borough reported a liability of \$4,850,578, for its proportionate share of the PFRS net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Borough’s proportionate share of the net pension liability was based on the ratio of the Borough’s contributions to the pension plan relative to the total contributions of all participating governmental entities during the measurement period. As of the measurement date of June 30, 2021, the Borough’s proportionate share was 0.06636 percent, which was an increase of 0.00519 percent from its proportionate share measured as of June 30, 2020 of .06117 percent.

*Actuarial Assumptions*

The Borough’s total pension liability reported for the year ended December 31, 2021 was based on the June 30, 2021 measurement date as determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. Inflation Rate:	2.75%
Salary Increases	3.25%-15.25% Based on Years of Service
Investment Rate of Return	7.00%

*Mortality Rates*

Employee mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

***Discount Rate***

The discount rate used to measure the total pension liability for PFRS was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

The sensitivity analysis was based on the proportionate share of the Borough’s net pension liability at December 31, 2021. A sensitivity analysis specific to the Borough’s net pension liability was not provided by the pension system.

*Special Funding Situation – PFRS*

Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough’s proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State’s proportionate share is 100% for PFRS under this legislation.

At December 31, 2021, the State’s proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$1,364,224. For the year ended December 31, 2021, the pension system has determined the State’s proportionate share of the pension expense attributable to the Borough for the PFRS special funding situation is \$151,935, which is more than the actual contributions the State made on behalf of the Borough of \$118,509. At December 31, 2020 (measurement date June 30, 2021) the State’s share of the PFRS net pension liability attributable to the Borough was 0.06636 percent, which was an increase of 0.00519 percent from its proportionate share measured as of December 31, 2020 (measurement date June 30, 2020) of 0.06117 percent. The State’s proportionate share attributable to the Borough was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Borough’s financial statements.

*Pension Plan Fiduciary Net Position*

Detailed information about the PFRS pension plan’s fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. **NOTE 13 POST-RETIREMENT MEDICAL BENEFITS**

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for participating municipalities including the Borough.

**Plan Description and Benefits Provided**

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

**State Health Benefit Program Fund – Local Government Retired (the Plan)** (including Prescription Drug Program Fund) – The Plan is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Plan Membership and Contributing Employers**

Membership and contributing employers/nonemployers of the defined benefit OPEB plan consisted of the following at June 30, 2021:

Active Plan Members	64,243
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	<u>32,624</u>
Total	<u>96,867</u>
Contributing Employers	585
Contributing Nonemployers	1

**Measurement Focus and Basis of Accounting**

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

**Collective Net OPEB Liability**

The collective net OPEB liability of the participating employers and the State, as the non-employer contributing entity, of the Plan at June 30, 2022 was not available and for 2021 is \$18.0 billion, and the plan fiduciary net position as a percentage of the total OPEB liability is 0.28% at June 30, 2021.

The total OPEB liabilities were determined based on actuarial valuations as of July 1, 2020 which was rolled forward to June 30, 2021.

**Actuarial Methods and Assumptions**

In the June 30, 2020 OPEB actuarial valuations, the actuarial assumptions and methods used in this valuations were described in the Actuarial Assumptions and Methods section of the Actuary’s report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Post-Retirement Medical Benefits Contribution**

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The employers participating in the OPEB plan made contributions of \$325.1 million and the State of New Jersey, as the non-employer contributing entity, contributed \$37.8 million for fiscal year 2021.

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan—using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The Borough's contributions to the State Health Benefits Program Fund-Local Government Retired Plan for post-retirement benefits for the years ended December 31, 2022, 2021 and 2020 were \$452,036, \$358,660 and \$329,937, respectively, which equaled the required contributions for each year. In addition, the Borough's reimbursements to eligible retired employees for Medicare Part B insurance coverage for the years ended December 31, 2022, 2021 and 2020 were \$44,671, \$37,885 and \$33,622, respectively.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund – Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pension (GASB No. 75)* their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions.

Under GASB Statement No. 75 local governmental employers are required to provide certain financial information based on a measurement date no earlier than the end of the employer's prior fiscal year. The GASB 75 financial information from the State's Division of Pensions and Benefits to be reported for the year ended December 31, 2022 for the measurement date of June 30, 2022 was not available as of the date of audit. Accordingly, the State's Division of Local Government Services issued Local Finance Notice 2023-10 which authorizes and permits New Jersey municipalities to present the most recent available audited GASB 75 financial information to be incorporated into the audit and remain in compliance with the regulatory basis of accounting disclosure requirements for notes to the financial statements. As such the GASB 75 financial information for the year ended December 31, 2022 is not presented in the notes to the financial statements.

The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2021. Employer allocation percentages have been rounded for presentation purposes.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)**

At December 31, 2021, the Borough reported a liability of \$10,743,709 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2020. The Borough's proportionate share of the net OPEB liability was based on the ratio of the Borough's proportionate share of the OPEB liability attributable to the Borough at June 30, 2021 to the total OPEB liability for the State Health Benefit Program Fund – Local Government Retired Plan at June 30, 2021. As of the measurement date of June 30, 2021 the Borough's proportionate share was 0.05969 percent, which was a decrease of .00173 percent from its proportionate share measured as of June 30, 2020 of .006142 percent.

For the years ended December 31, 2021 the Plan has determined the Borough's OPEB expense to be \$82,694, based on the actuarial valuations which are less than the actual contributions reported in the Borough's financial statements of \$358,660. At December 31, 2021, the Borough's deferred outflows of resources and deferred inflows of resources related to the OPEB plan which are not reported on the Borough's financial statements are from the following sources:

	2021	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

*Actuarial Assumptions*

The Borough’s total OPEB liability reported for the year ended December 31, 2021 was based on the June 30, 2021 measurement date as determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

	<u>2021</u>
Inflation Rate	2.50%
Salary Increases*	
PERS:	
Initial Fiscal Year Applied Through	2026
Rate	2.00% to 6.00%
Rate Thereafter	3.00% to 7.00%
PFRS:	
Initial Fiscal Year Applied Through	Rate for All Future Years
Rate	3.25% to 15.25%

\*Salary increases are based on years of service within the respective pension plan.

For the June 30, 2020 measurement date healthcare cost trend rates for pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

***Mortality Rates***

Pre-retirement and healthy post-retirement mortality rates were based on the Pub-2010 Healthy “Safety” for PFRS and Healthy “General” for PERS classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality rates were based on the Pub-2010 Disabled “Safety” for PFRS and Disabled “General” for PERS classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

***Health Care Trends***

The trend rate for pre-Medicare medical benefits is initially 5.65 percent and decreases to a 4.50 percent long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 and 2023 are reflected. Future years PPO and HMO trend rates differ for each retirement plan. PPO trend is initially 7.56% in fiscal year 2024, increasing to 14.43% in fiscal year 2025 and decreasing to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to 4.50% long-term after 7 years.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the plan upon retirement.

**Discount Rate**

The discount rate for June 30, 2021 measurement date was 2.16%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

***Sensitivity of Net OPEB Liability to Changes in the Discounts Rate***

The following presents the Borough's proportionate share of the net OPEB liability as of December 31, 2021 calculated using the discount rate of 2.16%, as well as what the Borough's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower 1.16% or 1-percentage-point higher 3.16% than the current rate:

<u>2021</u>	<u>1% Decrease (1.16%)</u>	<u>Current Discount Rate (2.16%)</u>	<u>1% Increase (3.16%)</u>
Borough's Proportionate Share of the Net OPEB Liability	\$ <u>12,701,334</u>	\$ <u>10,743,709</u>	\$ <u>9,194,071</u>

The sensitivity analysis was based on the proportionate share of the Borough's net OPEB liability at December 31, 2021. A sensitivity analysis specific to the Borough's net OPEB liability was not provided by the Plan.

***Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate***

The following presents the Borough's proportionate share of the net OPEB liability as of December 31, 2021 calculated using the healthcare trend rates as disclosed above as well as what the Borough's proportionate share of the net OPEB liability would be if it were calculated using healthcare trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate:

<u>2021</u>	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rates</u>	<u>1% Increase</u>
Borough's Proportionate Share of the Net OPEB Liability	\$ <u>8,890,430</u>	\$ <u>10,743,709</u>	\$ <u>13,170,603</u>

The sensitivity analysis was based on the proportionate share of the Borough's net OPEB liability at December 31, 2021. A sensitivity analysis specific to the Borough's net OPEB liability was not provided by the pension system.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 14 RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Borough has obtained commercial insurance coverage to guard against these events to minimize the exposure to the Borough should they occur.

The Borough of Woodcliff Lake is a member of the Bergen County Municipal Joint Insurance Fund (BJIF) and Municipal Excess Liability Joint Insurance Fund (MEL). The joint insurance funds are both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and worker's compensation. The Funds are risk-sharing public entity pools. The BJIF and MEL coverage amounts are on file with the Borough.

The relationship between the Borough and respective insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Borough is contractually obligated to make all annual and supplementary contributions to the insurance funds, to report claims on a timely basis, to cooperate with the management of the funds, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the funds. Members have a contractual obligation to fund any deficit of the funds attributable to a membership year during which the municipality was a member.

The funds provide its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the funds can be obtained by contacting the respective fund's Treasurer.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years.

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's unemployment compensation trust fund for the current and previous two years:

<u>Year Ended December 31</u>	<u>Borough Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2022	\$ 4,000	\$ 5,704	\$ 9,753	\$ 40,308
2021	-	-	2,995	39,832
2020	1,135	10,242	8,725	42,692

**BOROUGH OF WOODCLIFF LAKE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 15 CONTINGENT LIABILITIES**

The Borough is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the Borough's Attorney, the potential claims against the Borough not covered by insurance policies would not materially affect the financial condition of the Borough except for those otherwise identified.

**Pending Tax Appeals** - Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2022 and 2021. Amounts claimed have not yet been determined. The Borough is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of community Affairs, State of New Jersey, the Borough does not recognize a liability, if any, until these cases have been adjudicated. The Borough expects such amounts, if any, could be material. As of December 31, 2022 and 2021, the Borough reserved \$1,601,489 and \$2,041,489, respectively in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years' budget or from fund balance.

**Federal and State Awards** - The Borough participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2022 and 2021, significant amounts of grant expenditure have not been audited by the various grantor agencies but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the Borough.

**NOTE 16 FEDERAL ARBITRAGE REGULATIONS**

The Borough is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2021 and 2020, the Borough has not estimated its estimated arbitrage earnings due to the IRS, if any.

**NOTE 17 LENGTH OF SERVICE AWARD PROGRAM (LOSAP)-UNAUDITED**

The Borough of Woodcliff Lake Length of Service Award Program (the Plan) was created by a Borough ordinance adopted on August 9, 1999 pursuant to 457 (e)(11)(13) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the Length of Service Award Program as enacted into federal law in 1997. The voters of the Borough of Woodcliff Lake approved the adoption of the Plan at the general election held on November 2, 1999.

The first year of eligibility for entrance into the Plan was calendar year 2000. The tax deferred income benefits for emergency services volunteers, consisting of the Volunteer Fire Department and the First Aid Organization, come from contributions made solely by the Borough on behalf of those volunteers who meet the criteria of a plan created by the governing body.

**BOROUGH OF WOODCLIFF LAKE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 17 LENGTH OF SERVICE AWARD PROGRAM (LOSAP)-UNAUDITED (Continued)**

If an active member meets the year of active service requirement, a LOSAP must provide a benefit between the minimum contribution of \$100 and a maximum contribution of \$1,150 per year. While the maximum amount is established by statute, it is subject to periodic increases that are related to the consumer price index (N.J.S.A. 40A:14-185(f)). The Division of Local Government Services issues the permitted maximum increase annually.

The Borough of Woodcliff Lake has contributed \$1,668 and \$1,761 for 2022 and 2021, respectively, for each eligible volunteer fire department and volunteer ambulance corp. member into the Plan. The total borough contributions were \$44,032 and \$36,693 for 2022 and 2021, respectively.

In accordance with the amendments to Section 457 of the Internal Revenue Code and the State Deferred Revenue Regulations, the Borough has placed the amounts deferred, including earnings, in a trust for the exclusive benefit of the plan participants and their beneficiaries.

Lincoln Financial Group is the administrator of the plan. The Borough's practical involvement in administering the plan is essentially limited to verifying the eligibility of each participant and remitting the funds to the plan administrator.

**Vesting and Benefits**

A volunteer is eligible to receive a distribution of funds upon completing 5 (five) cumulative years as an active member of the volunteer organization. Certain restrictions and tax implications may result in the event of a withdrawal of funds from the Plan.

If a volunteer member does not vest and terminates their association with the emergency service organization, the funds are returned to the sponsoring agency's surplus.

**Reporting Requirements**

The New Jersey Administrative Code NJAC 5:30-14.49 requires that the Borough perform a separate review report of the plan in accordance with the American Institute of Certified Public Accountants (AICPA) Statements on Standards for Accounting and Auditing Review Services. Since a review does not constitute an audit, the financial statements pertaining to the Plan are presented as unaudited in this report as part of the Borough's Trust Fund.

**NOTE 18 TAX ABATEMENTS**

For the years ended December 31, 2022 and 2021, the Borough provided property tax abatements through certain programs authorized under State statutes. These programs include the New Jersey Housing and Mortgage Financing Act (NJHMFA).

- The New Jersey Housing and Mortgage Financing Act (NJSA 55:14K et. seq.) allows for property tax abatements for residential rental housing projects financed by the New Jersey Housing and Mortgage Finance Agency. These property tax abatements last for the term of the original mortgage financing so long as the residential rental housing project remains subject to the NJHMFA Law and regulations. The process begins when the municipality passes by ordinance or resolution, as appropriate, that such residential rental housing project shall be exempt from property tax provided that an agreement is entered into with the housing sponsor for payments in lieu of taxes (PILOTs) to the municipality. The agreement can require the housing sponsor to a PILOT payment to the municipality in an amount up to 20% of the annual gross revenue from each housing project. For the years ended December 31, 2022 and 2021 the Borough abated property taxes totaling \$75,350 and \$75,350, respectively, under the NJHMFA program. The Borough received \$17,393 and \$13,756 in PILOT payments under this program for the years ended December 31, 2022 and 2021, respectively.

**NOTE 19 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC**

The World Health Organization declared a pandemic following the global outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus. On March 13, 2020, the President of the United States declared a national emergency to unlock federal funds and assistance to help states and local governments fight the pandemic. Governor Phil Murphy, of the State of New Jersey, also declared a public health emergency on March 9, 2020 and instituted mandatory measures via various executive orders to contain the spread of the virus, including closing schools and nonessential businesses and limiting social gatherings. These measures, which altered the behaviors of businesses and people, had negative impacts on regional, state and local economies. The Governor, pursuant to various executive orders, then implemented a multi-stage approach to restarting New Jersey's economy. The declaration of the state of emergency and of a public health emergency was terminated by the Governor, by executive order, on June 4, 2021. Also, on June 4, 2021, the Governor signed into law Assembly Bill No. 5820 which terminates most of the Governor's pandemic-related executive orders on July 4, 2021. The remaining executive orders (dealing with coronavirus testing and vaccinations, moratoriums on evictions and utility shutoffs and various other matters) terminated on January 1, 2022.

On January 11, 2022, the Governor reinstated, via Executive Order No. 280, the state of emergency and declared a new public health emergency in response to a surge in cases tied to new variants of COVID-19, in particular the Omicron variant. Such public health emergency was set to expire 30 days from January 11, 2022, but was later extended, via Executive Order No. 288, for an additional 30 days on February 10, 2022. On March 4, 2022, the Governor declared, via Executive Order No. 292, an end to the reinstated public health emergency, effective March 7, 2022. In the event of substantial increases in COVID-19 hospitalizations, spot positivity or rates of transmission, the Governor is empowered to impose more restrictive measures than currently in place.

In order to provide additional means for local governmental units to address the financial impact of the COVID-19 outbreak, the Governor signed into law P.L. 2020 c. 74 ("Chapter 74") on August 31, 2020. Chapter 74, which took effect immediately, adds two new purposes to the list of special emergency appropriations which may be raised by municipalities or counties over a five year period (either through the issuance of special emergency notes or raised internally without borrowing): (1) direct COVID-19 response expenses; and (2) deficits in prior year's operations attributable to COVID-19 (the beginning of the five year repayment schedule is delayed by one year for these new purposes). Upon approval by the Director of the Division of Local Government Services, New Jersey Department of Community Affairs, in cases of significant fiscal distress, the five year period may be extended to up to ten years. In addition, the statute permits school districts and public authorities to issue debt with a maximum five year maturity schedule for direct COVID-19 expenses. Chapter 74 provides for State supervision of all local government unit borrowings. The statute also grants the Director the authority to modify municipal budgeting rules concerning anticipated revenues in order to lessen the impact of revenue reductions due to COVID-19.

The Borough of Woodcliff Lake's finances and operations may be materially and adversely affected as a result of the continued spread of COVID-19 through reduced or delayed revenue streams, which include the collection of property taxes, which are the Borough of Woodcliff Lake's primary revenue source for supporting its budget. The Borough of Woodcliff Lake cannot predict costs associated with a potential infectious disease outbreak like COVID-19 such as operational costs to clean, sanitize and maintain its facilities, or costs to operate remotely and support Borough functions and critical government actions during an outbreak or any resulting impact such costs could have on the operations of the Borough. However, as of the date of audit, even though the Borough finances and operations had certain reduced revenue streams due to the COVID-19 outbreak, the overall finances and operations of the Borough have not been materially and adversely affected due to the COVID-19 outbreak.

**BOROUGH OF WOODCLIFF LAKE  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021**

**NOTE 19 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC (Continued)**

The degree of any such impact on the operations and finances of the Borough cannot be predicted due to the dynamic nature of the COVID-19 outbreak, including uncertainties relating to its (i) duration, and (ii) severity, as well as with regard to what actions may be taken by governmental and other health care authorities to contain or mitigate its impact. The continued spread of the outbreak could have a material adverse effect on the Borough and its economy. The Borough is monitoring the situation and will take such proactive measures as may be required to maintain its functionality and meet its obligations.

The American Rescue Plan Act of 2021, H.R. 1319 (the “Plan”), signed into law by President Biden on March 11, 2021, comprises \$1.9 trillion in relief designed to provide funding to address the COVID-19 pandemic and alleviate the economic and health effects of the COVID-19 pandemic.

The Plan includes various forms of financial relief including up to a \$1,400 increase in direct stimulus payment to individuals and various other forms of economic relief, including extended unemployment benefits, continued eviction and foreclosure moratoriums, an increase in the child tax credit, an increase in food and housing aid, assistance grants to restaurants and bars, and other small business grants and loans. The Plan provides funding for state and local governments to offset costs to safely reopen schools during the COVID-19 pandemic and to subsidize COVID-19 testing and vaccination programs. In addition, the Plan includes \$350 billion in relief funds to public entities, such as the Borough.

Generally, according to the Plan and implementing regulations, the allowable use of the funds to be provided to the Borough include the following categories:

- Replacing lost public sector revenue;
- Investing in water, sewer, broadband and other infrastructure;
- Providing premium pay for essential workers;
- Supporting public health expenditures;
- Addressing COVID-19 related negative economic impacts; and
- Addressing the disproportionate public health and economic impacts of the crisis on the hardest-hit communities, populations, and households.

However, such funds may not be used to directly or indirectly offset a reduction in net tax revenue resulting from a change in law, regulation or administrative interpretation during the covered period reducing or delaying any tax or tax increase. Additionally, such funds may not be used for deposit in any pension fund. Such funds may be used to offset the amounts required to be raised in budgets for special emergency appropriations for COVID-19 deficits authorized by Chapter 74 discussed above. The Borough will be required to provide periodic reports detailing the accounting of the use of funds.

The Borough will receive \$611,160 from the Plan in two equal payments. The Borough has received the full amount of its relief funds. The Borough utilized \$19,580 of the funds in the 2022 budget to replace lost public sector revenue and \$226,000 appropriated to General Capital to fund capital improvements. The Borough utilized the remaining funds in the amount of \$79,580 in the 2023 budget to replace lost public sector revenue. The deadline to obligate the funds is December 31, 2024 and to spend them is December 31, 2026.

**NOTE 20 SUBSEQUENT EVENTS**

On May 22, 2023 the Borough adopted a bond ordinance authorizing the issuance \$2,857,000 of bond anticipation notes to fund certain capital projects. As of the date of this report the Borough has not issued nor awarded the sale of said bonds or notes.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and Members  
of the Borough Council  
Borough of Woodcliff Lake  
Woodcliff Lake, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements – regulatory basis of the Borough of Woodcliff Lake as of and for the year ended December 31, 2022, and the related notes to the financial statements, and have issued our report thereon dated July 25, 2023. Our report on the financial statements – regulatory basis was modified to indicate that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the financial reporting requirements of the State of New Jersey for municipal government entities as described in Note 1. In addition, our report on the financial statements – regulatory basis was modified on the regulatory basis of accounting because of the presentation of the unaudited LOSAP Trust Fund financial statements.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough of Woodcliff Lake's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough of Woodcliff Lake's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Woodcliff Lake's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough of Woodcliff Lake's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Woodcliff Lake's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Woodcliff Lake's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AND STATE FINANCIAL ASSISTANCE**

**BOROUGH OF WOODCLIFF LAKE  
 NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS  
 AND STATE FINANCIAL ASSISTANCE  
 YEAR ENDED DECEMBER 31, 2022**

**NOTE 1 REPORTING ENTITY**

The Borough of Whatever (the “Borough”) received and participated in numerous Federal Award and State Financial Assistance programs in the form of cost reimbursement grants and revenue sharing entitlements. The Borough is the reporting entity for these programs. The Borough is defined in Note 1 (A) to the Borough’s Financial Statements.

**NOTE 2 BASIS OF PRESENTATION**

The accompanying schedules of expenditures of federal awards and state financial assistance (the “Schedules”) present the activity of all federal and state programs of the Borough. All federal awards received directly from federal agencies or passed through other government agencies are included on the schedule of expenditures of federal awards. All state awards received directly from state agencies or passed through other government agencies are included in the schedule of expenditures of state financial assistance. The information in these Schedules are presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principals, and audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB Circular Letter 15-08 *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*.

**NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Borough conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”) which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for federal awards and state financial assistances through separate funds and accounts which differ from those required by accounting principles generally accepted in the United States of America. The Borough’s summary of significant accounting policies are described in Note 1 to the Borough’s Financial Statements.

**NOTE 4 RELATIONSHIP TO FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedules agree with amounts reported in the Borough’s financial statements. Financial assistance revenues are reported in the Borough’s financial statements on a basis of accounting described above as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Current Fund	\$ 63,503	\$ 24,363	\$ 87,866
General Capital Fund	<u>306,000</u>	<u>-</u>	<u>306,000</u>
	<u>\$ 369,503</u>	<u>\$ 24,363</u>	<u>\$ 393,866</u>

**BOROUGH OF WOODCLIFF LAKE  
NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS  
AND STATE FINANCIAL ASSISTANCE  
YEAR ENDED DECEMBER 31, 2022**

**NOTE 5 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the Borough's fiscal year and grant program year.

**NOTE 6 DE MINIMIS INDIRECT COST RATE**

The Borough has not elected to use the 10 percent de minimis indirect cost rate allowed under the U.S. Uniform Guidance.

**BOROUGH OF WOODCLIFF LAKE  
SUPPLEMENTARY DATA**

**GENERAL COMMENTS**

**Current Year Comments**

There are none.

**Prior Year Unresolved Comments**

There are none.

**Contracts and Agreements Required to be Advertised for NJS 40A:11-4**

NJS 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$44,000 except by contract or agreement."

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that no bids were requested by public advertising.

The minutes indicate that resolutions were adopted and advertised, authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures except as previously noted in our general comments, did not reveal instances whereby individual payments were made in excess of the bid threshold "for the performance of any work, or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJS 40A:11-6.

**Collection of Interest on Delinquent Taxes and Assessments**

The statute provides the method for authorizing interest and the maximum rates to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 6, 2022 adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED, by the Mayor and Council that the rate of interest on delinquent taxes for the year 2017 be fixed at the rate of 8% per annum on delinquent amounts up to \$1,500 and at 18% per annum on delinquent amounts on \$1,500 or more; and

BE IT FURTHER RESOLVED that an additional penalty be charged for delinquency in the excess of \$10,000 that is not paid prior to the end of the year, the additional penalty so fixed shall not exceed 6% of the amount of delinquency.

**BOROUGH OF WOODCLIFF LAKE  
SUPPLEMENTARY DATA**

**GENERAL COMMENTS**

**Delinquent Taxes and Tax Title Liens**

There were no delinquent properties for tax sale during 2021 and 2022.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2022	None
2021	None
2020	None

**Suggestions to Management**

- Old unspent appropriated grant balances should be reviewed and either expended or cancelled.
- Old outstanding grants receivable in the General Capital Fund be reviewed for collectability
- Payment of unused sick and vacation days be reviewed by the Borough Attorney for compliance with State statutes.

**BOROUGH OF WOODCLIFF LAKE

**RECOMMENDATIONS**

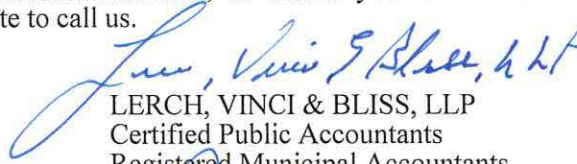

There are none.

\* \* \* \* \*

A review was performed on all prior year recommendations and corrective action was taken on all.

The problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments and recommendations, or should you desire assistance in implementing our recommendations, please do not hesitate to call us.
