OCTOBER 19, 2026**

RESOLUTION REQUESTING DEER MANAGEMENT TO THE COUNTY OF BERGEN

RESOLUTION NO. 26-214 OCTOBER 19, 2026

WHEREAS, residents of the Borough of Woodcliff Lake have expressed growing concern regarding the impact of increasing deer populations on public safety, property damage, vegetation, and natural resources; and

WHEREAS, the Mayor and Council of the Borough of Woodcliff Lake have reviewed available deer management options, including hunting, fencing, professional sharpshooting, relocation, culling, and sterilization, and have considered community feedback and regional best practices; and

WHEREAS, the Mayor and Council recognize that the increasing deer population is a regional issue that extends beyond the borders of any individual municipality and that a deer management program implemented solely within the Borough of Woodcliff Lake would have limited effectiveness in addressing the broader overpopulation problem; and

WHEREAS, effective management of the regional deer population requires coordination among municipalities and appropriate county and regional authorities in order to address deer movement and population levels across municipal boundaries; and

WHEREAS, management methods such as deer relocation, culling, and sterilization may involve significant financial and administrative costs that can be difficult for a small municipality to undertake independently; and

WHEREAS, increasing deer populations may contribute to public health and safety

concerns, including the accumulation of deer droppings in public areas and fields used by children, the potential spread of disease, including tick-borne illnesses such as Lyme disease, and other environmental and sanitary concerns; and

WHEREAS, increasing deer populations have contributed to an increased risk of motor vehicle accidents involving deer, thereby presenting a concern for motorists, pedestrians, and the general public, and the Woodcliff Lake Police Department has responded to 94 deer-related motor vehicle incidents between 2017 to present; and

WHEREAS, the increasing deer population has resulted in substantial damage to natural vegetation, landscaping, gardens, and homeowner plantings throughout the Borough of Woodcliff Lake; and

WHEREAS, the Boroughs of Old Tappan, Montvale, and River Vale have adopted resolutions requesting that Bergen County take a regional approach to deer management, and other Bergen County municipalities are considering the same; and

WHEREAS, the County has indicated that the New Jersey Department of Environmental Protection's Community-Based Deer Management Program provides an existing framework for municipalities, and that deer management decisions rest with municipalities and the State, and the Mayor and Council believe the County is uniquely positioned to coordinate data collection, convene affected municipalities, and support joint participation in that program; and

WHEREAS, the Mayor and Council believe that a coordinated regional approach, supported by population monitoring, data collection, and cooperation among municipalities and Bergen County, is necessary to effectively address the ongoing deer overpopulation issue.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the Borough of Woodcliff Lake, Bergen County, New Jersey, that the Borough hereby respectfully requests that Bergen County monitor deer populations and their impact on public safety, vegetation, natural resources, and property throughout Bergen County; and

BE IT FURTHER RESOLVED, that the Mayor and Council respectfully request that Bergen County coordinate with municipalities throughout the County to evaluate the scope of the regional deer population and develop appropriate, effective, and financially responsible regional deer management strategies, including convening affected municipalities and the NJDEP Division of Fish and Wildlife, and providing technical and administrative support to municipalities participating jointly or individually in the NJDEP Community-Based Deer Management Program; and

BE IT FURTHER RESOLVED that a certified copy of this Resolution be forwarded to the

Bergen County Executive, the Bergen County Board of Commissioners, and the Bergen County Administrator; the NJDEP Division of Fish and Wildlife; the State Senator and Assembly members representing the 39th Legislative District; and the Mayors and Clerks of the Boroughs of Hillsdale, Montvale, Park Ridge, River Vale, Old Tappan and Emerson and the Township of Washington.
